Dear George,

We are anxiously awaiting the arrival of November 13 and 14, 1976 when you will be with us in Dayton, Ohio for a weekend of Yugoslav folkdance and folklore.

We hope that during your stay you will accept our home for your lodging. It will give me a chance to talk to you in Macedonian -- I hope!

Our folkdance club has many retired members, so for their enjoyment please include some slow dances when planning your workshop. On the other hand, I am sure you will attract many younger dancers from the surrounding communities, so feel free to include several lively dances.

We want each attendee to have a syllabus; therefore, could you please send me one copy of your syllabus as soon as you can so that we may start to reproduce it. In all probability we will use the mimeograph method.

Hoping to hear from you soon --

Sincerely,
