John

(We'll have to dub you JOHN PAPPAS East, as we already have a John Pappas West!)

Regarding your order for metal cases. We shipped you the five twelve-inch (\$8 each) and the 6 7-inch (\$6.50 each); that makes a total of \$40.00 plus \$39.00 or \$79. for the 11 cases. We have no 10-inch. We have heard of some, but are told the price is around \$15 -- interested?

The cheapest transportation was by parcel post, insured; we paid out \$15.34 for postage & insurance. Allowing a very small handling cost, call that \$16. even; add to the \$79, and the total becomes \$95.00. This leaves \$5 from your \$100. advance check (for which thanks); we can refund that, or would prefer to apply it on a later purchase, to save the clerical job and cost of refunding. Let us know.

How about a record order sometime???
