Dear Mr. Pappas and Happy (Miami)
Valley Dancers:

Thank you millions for your
contribution to VILTIS via ad.

It will not get printed in the
December issue, as it's already
being printed, but it will be in
the first three issues of 1979 -
to start the new year with
happy dancing -- and good health.

May you all have a wonderful

THANKSGIVING.

Dear Friends:

This form letter is being mailed to a number of you to lay bare my present problem.

For the past many years VILTIS has been printed by Mr. Al Nix and his sons. We have a warm relationship. I have never been pressured for payments. As renewals came in and a substantial amount accumulated, a payment would be made. They were always very patient with me and my erratic payments.

Some weeks ago, Mr. Nix suffered a heart attack and he will not be able to return to work for a lengthy period. As a result, his shop has been suffering financial distress. Money owed them is urgently requested for immediate payment in order to pull them through this emergency period. The Nix family has always been most kind toward me and I would like to help them out by paying my debt. Nor would I be able to find a replacement printer who would be willing to print VILTIS under the same arrangements and at the price I am charged now. I owe them \$4,000.00. I have inquired about possibilities of a loan from the bank. While I could obtain a loan, at 12%, this would mean that a substantial amount of the renewal income each month would go to the bank rather than being accumulated to make payments for future VILTIS printing. Therefore, I am turning to you all, my faithful friends of VILTIS, not for loans, but to send in ad money of greetings for any occasion, or advertising a business -- no matter how small the amount. I also ask please renew promptly your VILTIS subscription, take out gift subscriptions for any interested friends, or buy books from the accompanying list for yourself or as gifts for any occasion. All of these things would be of tremendous help to VILTIS and myself.

Your consideration would be gratefully appreciated.

Sincerely
