Dear Yaakov,

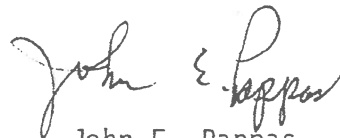

This letter will confirm our telephone conversation several weeks ago relative to your presenting a workshop of Israeli Folk Dances for the Miami Valley Folk Dancers on Saturday and Sunday, November 8, & 9, 1986 in Dayton, Ohio. We anticipate a Saturday A.M. session (10 - 1), a Saturday P.M. session (2-5), a Saturday evening party/review, and a Sunday P.M. session (2-5). Each session to be about three hours long with breaks. We understand your fee will be \$300.00 for the weekend plus lodging and meals.

As you might remember from previous workshops, our group is heterogeneously mixed in age from early twenties to early eighties. Therefore, you might consider dances with a mix of energy levels. Also we would not be adverse to having some older Israeli dances retaught. We say this because 1) we have some new members that do not know the older dances, 2) some older dances have been allowed to be forgotten, and 3) some of our members prefer to perfect dances they know and do not wish to learn new Israeli dances. On the other hand, we will have people that will want something new. After all is said and done, you will have to gauge the audience and do what you think is correct. I will try to guide you also, if I detect any pervasive attitudes.

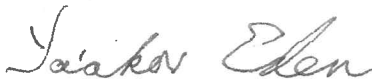

We would like a good copy of instructions to be assembled into a syllabus for the participants about one month prior to the workshop. Also, we hope you will have recordings available for sale. In addition, do you have a biographical sketch of yourself to be used for publicity and the syllabus?

If this is satisfactory to you, please sign one copy of this letter and return to me in the enclosed envelope. If this is not satisfactory, please change the contents, then sign and return to me.

Sincerely,

John E. Pappas
